The Stock Market Championship is a unique, fast-paced evening where business professionals from Orange County and L.A. come together to compete against one another in a friendly competition to see who can earn the high portfolio.

Starting with \$500,000 in fictitious stock, teams of 4 compete against one another to see who can earn the highest net worth and highest return on investment. Complete with "Hot Tips" and "News Releases," which scroll on large projector screens through the night, teams evaluate trends and make trades all in an effort to be named the Stock Market Championship winner!

Your participation in this dynamic event **directly** impacts the lives of Orange County's students! **All** proceeds from the Stock Market Championship will go toward helping JA of Orange County deliver its vital economic and financial literacy education programs to students in Orange County, grades K-12.
